CABLE NEWS.

Strife Increasing in the Home Rule Party--Ex-Consul Waller's Case.

The Paris Bomb Thrower Identified--American Delegates at the Cardiff Conference.

LONDON, Sept. 9.--A Berlin dispatch to the Standard says that in memory of Prince Bismarck's utterances, "I earned my diplomatic spurs at Erfurt," a number of Erfurt admirers have sent a floral piece in the shape of a pair of gigantic spurs to the Prince.

The defeat of the Healyite candidate at the parliamentary election in the south division of Kerry has embittered the strife inside the home rule party. Had the Healyites been victorious in this contest, it is stated that Justin McCarthy would have resigned the leadership of the party. Now, however, both sides are in a temper to fight to the death. The jubilation of the McCarthyites over their victory is tempered by the evident apathy of the Irish people as shown by the smallness of the poll in Kerry. The government is highly pleased to observe the weakening of the party which has so greatly obstructed legislation by internal dissensions. The Liberals themselves admit that the new parliament has opened auspiciously for the Conservatives.

While Lady Henry Somerset has been engaged in looking after a drunkard named Jane Coker, who has been arrested for drunkenness more than 300 times, the St. Pancras vestry has been discussing Lady Henry Somerset's property. The health commissioner has recommended the immediate closing of certain of her houses on Charlton street, Somersdown, which were unfit for human habitation. One member of the board asserted that the lady was content to do nothing for the betterment of the property as long as she received rent, but now she was willing to co-operate with the vestry because the expense would devolve upon the vestry. Another member asserted that Lady Henry Somerset was sincerely anxious to improve the conditions of the poor. After considering the question the commissioner's recommendation was unanimously adopted.

Bernard Shaw, the well known socialist and novelist, who has been reporting the Cardiff trades union conference for the Star, writes of the manner in which the American delegates were ignored by the leaders of the congress, upon whose invitation the Americans had come. Their reception, Mr. Shaw says, compares very unfavorably with the reception given Holmes and Burns in America. "In fact," says Mr. Shaw, "we do not do these things well in England. And even when Thursday's formal reception came the congress sat up solemnly with the air of being in church, while the guests carried off the occasion much better than the hosts. The visitors must be consummate actors, for I do not believe that the human breast could be so deeply moved by any moral event as they were by the medals and demonstration."

Le Liberté of Paris this afternoon says the identity of the miserab who attempted to explode a bomb in the vestibule of the children's banking house in La Rue Lafitte Tuesday has been discovered. He was formerly in the employ of the Northern railway company and belongs to an honorable family. He is a professed anarchist. According to La Liberté he was actuated by motives of personal revenge for his dismissal from the Northern railway company in his attempt to destroy the Rothschild's bank.

An agent of the Standard Oil Co. has arrived at Baku, Russia, where he has purchased a large quantity of petroleum. He has also purchased there 8,500,000 pounds of crude naphtha. The Pope has approved the nomination of Rev. Dr. Kennedy to be rector of the American college in Rome. The Glasgow iron market is greatly excited and lower. An enormous business is doing. The Cunard steamship company has informed the Associated Press representative that negotiations with the continental steamship lines will be concluded within a few days for the regulation of the continental and Scandinavian steamer traffic. When the pending arrangements shall have been completed, steamer passenger rates will be immediately advanced.

A portion of a pier at Morecambe, a watering place on Morecambe bay, Lancashire, collapsed to-day, throwing a large crowd of persons into the water. Two persons were killed and a number injured.

The new battleship Majestic started on her trial trip this morning, but ran aground on the Sands at Spithead. She was floated at high water, but a further trial has been postponed until her hull can be examined to ascertain whether she has received any injuries or not.

THE ALASKAN BOUNDARY.

Advantages Which the United States Expect to Gain by the New Survey--A Valuable Territory.

BALTIMORE, Md., Sept. 9.--Rev. Father Barnum has recently returned from the interior of Alaska, where he spent four years as a missionary among the natives. Regarding the Alaskan boundary dispute between the United States and Great Britain, he says the "claims made by the British government at the instance of Canadian emigrants a valuable strip of land, a portion of which is the key to the vast extent of the interior of Alaska and possesses rich mineral resources. Another portion would give them the control of some fine natural harbors, and in the third place they would gain one of the most magnificent scenic regions in the world, Glacier Bay, which is now beginning to be visited by thousands from all over the world during the winter months. Although the immense value of this land cannot be accurately determined, his knowledge of its geo-

graphical position on the coast showed that great commercial advantages would accrue in the future from its possession by this country. It is a long, narrow slice, running the whole length of the narrow, irregular district of Alaska that is nearest to this country, most temperate in climate, and the only part of the territory settled by any considerable number of white men. One important effect of Great Britain's claims, if they should be allowed, would be that Great Britain would have control of the route which is the key to the gold fields of Alaska. These fields pan out about \$100,000 each year, but it has been stated that there are rich prospects there yet unworked as well as other mineral resources which, when they become well known, will cause considerable immigration there. The best route into the interior is from the head of Lynn canal by an overland route of twenty-seven miles to one of the lakes at the head of the Yukon river in British territory and thence by boat down the Yukon to the gold territory in Alaska. It is the only route in which the abrupt mountains do not obstruct the way, and should a railway ever be built into the interior it is probably the only route which it could follow.

WINNIPEG WIRINGS.

It-Governor Patterson--Hon. Clarke Wallace to Meet the Premier at Regina--Sales of Seneca Root.

WINNIPEG, Sept. 9.--(Special)--Hon. N. Clarke Wallace, controller of customs, passed through Winnipeg to-day. It is understood he will meet the Premier and party at Regina, where a conference will be held on the school question, with a view of making some offer of compromise to the Manitoba government.

Hon. J. C. Patterson, Manitoba's new Lieutenant-Governor, arrived at Winnipeg this afternoon. There was no formal reception or demonstration. His Honor was met at the station by members of the local government, prominent politicians and citizens and escorted to the Manitoba hotel, where he remains during his brief stay here, previous to going East for his family. Sir John Schultz has been sworn in to act as administrator for the province in the absence of the new governor.

The sale of seneca root has been very profitable during the past year. Over 250,000 pounds have been exported, realizing to the gatherers about \$50,000.

An order-in-council has been passed appointing L. G. McLeod, of Alexander, registration clerk in the electoral division of Lansdowne to prepare lists for a bye election. The candidates spoken of are Robert Hall, Grieswald, Liberal and W. J. Holliswell, Osklake, Conservative.

TO KEEP OUT CHOLERA.

The Strictest Regulations to Be Enforced Against Japan and Honolulu.

WASHINGTON, Sept. 9.--The treasury department has sent a circular to medical officers of the marine hospital service, consular officers, collectors of customs, state and local quarantine officers, steamship companies and others concerned, stating that on account of the officially reported prevalence of cholera in Japan and Honolulu, it is ordered "that all unlabeled baggage of steerage passengers, including hand baggage, and all labeled baggage of said passengers which, in the opinion of the quarantine officers, should be disinfected, shall be so treated as provided in the quarantine regulations before being unloaded." The regulation will also apply to any other baggage which the quarantine officer may suspect of being infected. Dr. Wyman, on whose recommendation the order was issued, telegraphed to the government officers at San Francisco and Port Townsend.

THE SEALING CATCH.

Catch of the North American Company Fully Up to the Maximum Limit.

WASHINGTON, Sept. 9.--Late reports from the seal islands indicate that the North American Commercial Company have taken about 15,000 skins, the maximum limit imposed, during the season closed August 1. Reports received early in the season led to the belief that there was an unusual scarcity of seals on the islands and that the Commercial Company would not be able to take more than a fraction of the quota, but subsequent reports show that there was no material decrease in the number herding on the islands since last year.

CUSTOMS FRAUDS.

Important Seizures Effected--Members of the Whiteway Government Said to Be Implicated.

ST. JOHNS, Nfld, Sept. 9.--The customs department here made further important seizures of smuggled goods to-day under circumstances which render certain that they are unearthing the biggest and most daring band of smugglers ever discovered in this country. Unfortunately some of the members of the Whiteway government are believed to be in league with them and nothing has been done towards prosecuting them. On the contrary the latest developments indicate that one of the members of the executive council will defend them, in which event an acquittal is practically certain.

There is nothing to prevent anyone concocting a mixture and calling it "arsaparilla," and there is nothing to prevent anyone spending good money testing the stuff; but prudent people, who wish to be sure of their remedy, take only Ayer's Sarsaparilla, and so get cured.

The World's Fair Tests showed no baking powder so pure or so great in leavening power as the Royal.

The Cure For Diarrhoea. DEAR SIR,--I was suffering very much from Diarrhoea and could get nothing to cure me. A friend told me of Dr. Fowler's Extract of Wild Strawberry, and a few doses completely cured me.

THOS. L. GRAHAM, Melita, Man.

Wonder 5 minute ice cream freezers at Perry & Turner's, 42 Johnson street. Carpets, rugs, curtains, cretonnes, muslin, table linens, table covers, and a host of other things at Weller's.

CAPITAL NOTES.

New Sault Canal Locks Worked by Electricity--Gratifying Reception to Manitoba's Governor.

Premier Bowell's Extended Trip--Prosecution Against Sons of England for Illegally Insuring.

(From Our Own Correspondent.)

OTTAWA, Sept. 9.--The excursion steamer Majestic, drawing 14 feet and with a party of 750 excursionists on board, was the first to pass through the Sault St. Marie canal lock. Superintendent Boyd wired Mr. Schreiber, deputy minister, to-day that the gates and valves, which are operated entirely by electricity, worked splendidly. Electricity as motive power in this connection is an entirely new thing, Canada being the first country to adopt it. A gratifying message was received at the department to-day from Mr. Wheeler, engineer in chief of the canal now being built upon the Michigan side of the river. It reads as follows: "Accept congratulations upon the successful opening of your magnificent lock." Mr. Burgess, deputy minister of the Interior, left for New Mexico to-day to attend the irrigation conference.

Mr. Kilvert returned to the city to-day to resume the duties of acting commissioner of customs for a few days, he and Mr. McMichael taking turns week about. Neither likes the job.

Dairy Commissioner Robertson emphatically denies the statement of the London Agriculturist that filled or imitation cheese made in Canada is now being sold in London. He says that under the dairy product act, 1893, the manufacture of such cheese in the Dominion is rendered impossible. Prof. Robertson leaves for Manitoba and the Coast to-morrow.

Premier Bowell arrived at Regina to-night after one of the most extended trips ever undertaken by the First Minister of Canada in the far Northwest.

The mounted police of Calgary have arrested a young fellow named A. Bowen, who was wanted in Hull on a charge of raising Dominion notes. Bowen, when indicted, was allowed out on bail, but did not put in an appearance when the court met. Insurance agents in this vicinity are on the jump just now. This latest prosecution is in Hull, against the secretary of the local Sons of England lodge for doing business without a license.

A private message from Winnipeg says that Hon. J. C. Patterson received a cordial greeting to-day, on his arrival to assume the duties of Lieutenant-Governor. He was met at the station by the late governor, Sir John Schultz, members of the local government and the city corporation. The Lieutenant-Governor declined the escort of dragons tendered to him.

The department of customs to-day issued the first batch of rulings of the new board, which cover about fifty articles.

CANADIAN NEWS.

(Special to the COLONIST.)

Fire in Montreal.

MONTREAL, Sept. 9.--Fire yesterday destroyed a number of poor class tenements on St. Vincent street, and badly damaged the premises of A. Carmel, printer. The loss will be \$15,000. Carmel is insured.

To Succeed Hon. A. E. Angers.

MONTREAL, Sept. 9.--La Minerve says that Hon. Mr. Angers' successor in the Dominion cabinet will be appointed at an early date.

Charged With Manslaughter.

QUEBEC, Sept. 9.--Arthur Montminy, carter, who ran down Edward McDermott's son a week ago with fatal results, has been arrested on a charge of manslaughter.

Defaulting Bank Teller Committed. QUEBEC, Sept. 9.--George Porter, the defaulting Bank of Montreal paying teller, has been committed for trial.

The Flea of Insanity.

SHERBROOKE, Sept. 9.--Mark Sherburn, the slayer of J. H. Hull at Lennoxville, refuses all food and has eaten nothing for the last five days. He is likely to be placed in the insane asylum at Beausport.

Killed by the G. T. Cars.

RICHMOND, Sept. 9.--A teamster named La Montagne, employed by Mrs. J. H. Smith, was instantly killed while crossing the Grand Trunk railway track opposite J. Bedard's store.

Killed by a Gasoline Explosion. HAMILTON, Sept. 9.--George Faulkner, a bricklayer employed in the construction of the Toronto, Hamilton and Buffalo railway tunnel, is dead from injuries received by a gasoline explosion.

THE SAULT CANAL.

First Boat to Lock Through Followed by a Steady Line of Traffic all Day.

SAULT STE. MARIE, Sept. 9.--The first boat to lock through the new Canadian canal was the Uganda, bound down. The locks worked perfectly and a steady line of boats has been passing through all day. Besides the blowing of the whistles of the harbor tugs and the boats in the vicinity, no public ceremonies were observed. The reported closing of the locks on Sunday is denied by Superintendent Boyd. Captains using the lock to-day were highly pleased with the service. By relieving the pressure of vessels on the American lock, the Canadian canal will be of great value, to vessels men for the balance of the season.

NEWS OF THE PROVINCE.

Movements of the Travelling Dairy—
Sad Accident on the North
Thompson.Cowichan-Alberni Election—Westminster's
Greeting to Lieutenant-Governor Chapleau.

(Special to the Colonist.)

VANCOUVER.

VANCOUVER, Sept. 9.—The council have agreed to enter into an agreement within 30 days with a company styled the Western Electric Light and Heating Co. to light the city at 27½ cents per 2,000 candle light incandescent lights, ½ cent amperes hour.

Mr. Pelley Harvey has asked the council to wait for him to present a possible application for a smelter in the city, before closing with others.

The yacht Siren sunk in a squall in the harbor last evening. Those on board saved themselves by getting into a small boat and cutting the painter.

WESTMINSTER.

WESTMINSTER, Sept. 9.—The synod of the Church of England will be convened on November 6 next.

His Honor Lieut.-Governor Chapleau was publicly welcomed at Westminster on Saturday. In reply to an address from the citizens, he referred to their kind personal remarks and said he had always placed duty first in his public career, and could look back with satisfaction at his thirty-five years of public life. In a new country, he said, they should remember that they had common allegiance to country and sovereign, whatever their other differences were. He spoke of Quebec and British Columbia being similar as deep sea fishing and lumbering. They were also similar in their strong love for "this Canada of ours," which they were both trying to make one of the brightest gems of the British Crown. He would tell the people of Quebec, he said, the kindly feeling that the people of this province had for them. The people in Quebec had heard of them and praised and admired the great things they had done.

NANAIMO.

NANAIMO, Sept. 9.—The Wellington military band serenaded the citizens of Nanaimo on Saturday evening.

The Liberals are endeavoring to arrange an excursion to Comox on October 3, and it is understood W. W. B. McInnes will be asked to address a meeting on that occasion. Alexander McDonald and Miss Lena Grant were united in marriage at the Roman Catholic church this morning. They left a little later by the Catch for Vancouver to spend the honeymoon.

The Methodist church at Wellington has been given two lots on the new townsite, on which the new church will be built. The contract for the building has been given to Carl Marwahan, who will begin work at once. The proceeds of the concert held under the auspices of the church netted \$167 50, which will go towards the new edifice.

G. A. Huff, one of the candidates for the representation of the Cowichan-Alberni District, has petitioned the Attorney-General to have the date of the election changed from October 2, as that day being Saturday will prevent a number of Seventh day Adventists going to the poll. Mr. Huff reckons upon the support of the numerous body of this persuasion in the district to give him a majority. He is accordingly anxious to have the polling day changed.

CHILLIWACK.

CHILLIWACK, Sept. 5.—The Dominion Government travelling dairy arrived here on Wednesday and has held a two days' exhibition, which has been well attended. The dairy is in charge of Mr. J. A. Ruddick, a member of the dairy commissioner's staff and principal of the Kingston dairy school, which operates in the winter only. He is assisted by Mr. Christopher Marker, who has been in charge of the dairy at the experimental farm, Ottawa, since it was started. Meetings have been held at Ashcroft, Agassiz and Cheam schoolhouse, all of which have been well attended. The working of the centrifugal cream separator attracts universal attention. The machine which is used by the dairy has a capacity of separating about twenty-five gallons of milk per hour. That the work is efficiently done is proved by testing the skim milk by means of a Babcock milk tester. Short popular addresses are given by Mr. Ruddick on various subjects connected with dairy work. While Mr. Marker is engaged in churning the butter Mr. Ruddick explains carefully each detail of the process and gives reasons why certain treatment brings about certain results. Samples of milk from different cows, when tested, showed a wide difference in point of quality. Meetings will be held on the mainland until the 14th inst., when the dairy goes to Victoria to be present at the exhibition, and afterwards a series of meetings will be held at different points on the island, as already announced.

KAMLOOPS.

(From the Inland Sentinel.)
Two tenders were received for electric light debentures, McFarland & McMahon, Vancouver, at 97, and Hanson Bros., Montreal, at 97½. The tender of Hanson Bros. was accepted.

J. C. Fuller, bartender at the Grand Pacific, was fined \$100 and sent to prison for three months for supplying Indians with liquor. Frank Morris, of Morrisville, is to be tried on a similar charge. The cases came up in connection with the murder of the Indian Felix, whose body was run over by a train recently.

An accident occurred on the C.P.R. near Spatsmum on Wednesday afternoon about 3 o'clock. As a freight train was coming east, when rounding a curve it ran into a small engine of scarcely two feet of earth, the engine being derailed and the depression in the track throwing it toward the bank and not the river. Arthur Randall, the engineer, was caught by the falling engine and had his left leg broken below the knee, and was badly scalded. James Moldrum, the fireman, escaped with a shaking up, from which he will soon recover.

The party which went up to the Homestead mine last week returned on Friday evening, well pleased with the looks of the property. The owners have, however, decided to close down indefinitely until they have some decided statement from the Cassels company as to what can be done by the cyanide process.

A sad accident occurred on the North Thompson on Sunday afternoon in which the two sons of Mr. Sam Armour, Willie, aged 13, and Lester, aged 9, lost their lives. They, with their brother Johnnie, were bathing at a place where the water is shallow with a sandy, sloping bottom, but some distance out the water suddenly became much deeper and the current very swift. Lester inadvertently got into this

treacherous water, and Willie, seeing his danger, jumped in to help him, and in a moment both were swept away beyond help.

The second shipment from British Columbia of cattle to the old country passed through on Wednesday morning. There were fifteen cars in all, eleven from the Western Canadian Ranching Co.'s ranges in Lillooet, Chilliwack, and the remaining four cars 85 head from Harper's camp. J. D. Prentice, manager for the company, came up with the train this far. The cattle were of very fair quality.

The people of Vernon were greatly excited on Wednesday over the escape from jail of Jack McKinnon, who was held for trial for cattle stealing. On Wednesday evening the turnkey went in his cell to give Jack a blanket. Jack had managed to file off his irons, and before the turnkey had time to realize the situation Jack was out of the cell and over the fence. A horse near by was in waiting which he mounted and rode away. It is questionable whether Jack will ever be recaptured.

THE TREASURY OF GOD.

A Society to More Effectively Carry on Church Work.

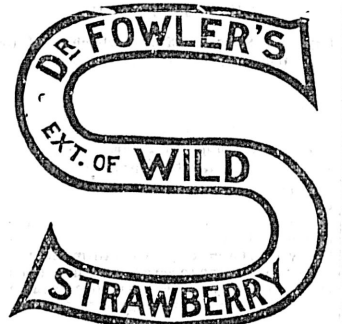

Every church has its society for devising and carrying out various schemes for raising money whereby the work of the church may be carried on. Thus our most active Christian workers have in the present day their time largely occupied in preparing the various entertainments now considered so necessary in connection with our churches, these, too, frequently being not at all in keeping with the teachings of our Lord Jesus Christ. Nor are they always financially successful, for when we consider the amount of labor involved, the number of people contributing by articles for bazaars, cakes, meats, etc., for lunch tables or bazaar, find that the cost of getting up these entertainments is too often far in excess of the receipts accruing. Besides, it frequently happens, through some mistake or mismanagement on the part of an unlucky member, feelings are engendered that are not at all in harmony with the spirit of the Gospel. There is a plan whereby all this unnecessary labor can be avoided, and by being generally adopted the churches would be released from the heavy financial strain under which a majority of them are laboring at the present time, and that is by adopting what is known as the Treasury of God, the members of which bind themselves to the simple rule of giving one-tenth, at least, of their incomes to the service of God and for pious and charitable uses. There may be some who do not as yet see their way to giving a full tenth of their income yet approve of the objects. These may become associate members. The question may be asked, why cannot Christian people begin this practice without being formed into a society? The answer is that as yet very few have done so. Besides, union is strength and the strength of one society will help to form others and so spread the idea until the plan becomes universally adopted. The plan originated in England, where "it is estimated that if everyone gave a tenth of his income the class of income taxpayers alone would provide a fund of £60,000,000, which would float all present charitable undertakings and enable them to make new and much needed efforts for the extension of the Kingdom of God." To adopt this plan will only be following the divine command given by God to his chosen people of old and equally binding upon us at the present day.—Com.

PHYSICIAN.
WHEN ALL OTHERS FAIL CONSULT

Doctor Sweany
RECOGNIZED BY THE MEDICAL FRATERNITY AS THE
LEADING AND MOST SUCCESSFUL SPECIALIST IN THE UNITED STATES.

THE friend and benefactor of suffering humanity, who for a number of years has had permanent offices at Seattle, where the sick and afflicted can receive treatment in the future, as they have in the past, from this noted philanthropist, whose fame is being spread from the Pacific to the Atlantic coast.

All are invited and no Suffering Human Being will be Turned Away.

THE POOR

who call at his offices Fridays are welcome to his treatment free of charge.

What is the Reason of Dr. Sweany's Success, and Why do Sick People of Every Station in Life Crowd His Office Daily?

BECAUSE

First of all he has succeeded in effecting a cure of diseases before which all others stood powerless; and second, he is not only a doctor, but a Christian and a Philanthropist. His fame has preceded him, and the honors he received at the leading Eastern hospitals, as well as in Europe, were the highest ever bestowed upon anybody. To-day his treatment is unsurpassed by any, and he has testimonials to that effect from men of the highest standing in life, as well as from those of a lower station. It is a part of judgment and sense to seek Doctor Sweany first, instead of squandering time and money upon the uncertainties of patent medicines and quackery specialists.

All Private Diseases of Men and Women Positively Cured in the Shortest Possible Time.

YOUNG, MIDDLE-AGED AND OLD MEN

If you are victims of youthful indiscretions and unnatural losses, if you are on the road to idiocy, insanity and the grave, if gloom and melancholy, morbid fear and unnatural lust prevade your mind, if you are despondent and down-hearted, if you have lost all energy and ambition, if you have an aversion to society, if your memory is failing and you are unfit for business or study, you should consult Dr. Sweany before it is too late. Get well and be a man.

DISEASES OF WOMEN.

If you are suffering from any of the diseases peculiar to your sex, you should call or write to Dr. Sweany, and he will tell you just what can be done for you. He has succeeded in building up the most shattered and broken-down constitutions, and will bring back to you that health, strength and beauty which every woman should possess.

You Can Be Cured at Home.

There are thousands cured at home by correspondence. Write if you cannot come personally. The strictest secrecy is observed, so cast aside all feelings of shame to consult the Doctor. He is conversant in all modern languages.

Method of Treatment.

No poisonous or injurious mineral drugs used, but the medicines are all compounded from the very choicest, purest and most effective medicinal plants, roots and herbs in the whole range of nature, and while their effects are marked and immediately apparent, they do not build up temporarily, but effect permanent as well as perfect cures.

Office hours 9 to 12 a.m., 2 to 5 and 7 to 8 p.m. Address—

LEVERETT SWEANY, M.D.,
Union Block, 713 Front St.,
SEATTLE, WASH.

NOTICE is hereby given that at the sitting of the Board of Licensing Commissioners, to be held on the second Wednesday in the month of September next, application will be made to the Board that the temporary permission granted on the 11th day of June last by the Mayor for the transfer from Henry Saunders to E. J. Saunders, (Elizabeth Jane Saunders) of the retail liquor license issued under sub-section 3, of section 201, of the Municipal Act, 1892, to Henry Saunders, for the premises known as Nos. 39 and 41 Johnson street, in the city of Victoria, may be ratified and extended and that the said license may be transferred to the said Elizabeth Jane Saunders.

Dated this 6th day of August 1895, at the city of Victoria. HENRY SAUNDERS. au30-3c

NOTICE is hereby given that 30 days after date, I intend to make application to the Honorable the Chief Commissioner of Lands and Works for a license to cut and carry away timber from the following described lands, viz: Commencing at a post marked C.L.P., planted on the east side of the unsurveyed channel, Valdez Island, about two miles west of Surge Narrows; thence north 40 chains; thence east 40 chains; thence north 40 chains; thence east 40 chains; thence south 40 chains; thence following bench to point of commencement, containing about 1,000 acres. CHAS. L. PAULSEN. Victoria, B.C., August 19th, 1895. au20

NOTICE.

BOARD OF ALDERMEN.

Strong Protests From Many Citizens
Against the Proposal to Lay
Wooden Paving.A Peculiar Graveyard Complication—
Tenders for Wire-Extension
of Sewers.

When the board of aldermen convened as usual last evening, Mayor Teague in the chair, the only absentee was Ald. McLellan who is out of town.

Tom Kains wrote to ask if Lewis street has ever been taken over by the corporation, and stating that that street is in the same position as the lane of which he previously wrote, inasmuch as both have been improved at the public expense. Referred to street committee.

D. R. Harris, representing the Douglas estate, wrote asking to have the fences along Belleville street removed to the new line at once, as the owners desire to make sewer connections immediately.

T. W. Glover wrote again from Toronto asking \$100 compensation for having been struck by a car at Victoria West. He said he had a letter from a prominent barrister of Victoria stating that he could certainly recover \$500, but being a man of peace he preferred to settle quietly. Laid on the table for the present.

Thomas Story asked permission to remove a monument placed by the medical profession over the grave of Dr. Renwick, in a lot owned by the writer, but without his permission. He stated that he had never been paid the funeral charges, the persons supposed to have been interested repudiating the bill; while the secretary of the Medical Chirurgical Society had written him pointing out the penalty prescribed by law for unlawfully removing a tombstone. Referred to cemetery committee.

W. B. C. Mewburn wrote offering a building for the proposed fire station in the Oakland district, as he had heard some objection to the proposed location. He also promised to maintain telephone communication if the city would pay the expense of \$30 necessary to extend the system to his place.

W. Duncan wrote complaining of ill-treatment by Chief Deasy, who had ordered him off No. 3 reel while another man was subsequently allowed on, and the Chief had remarked to him next day that in San Francisco the call men are not allowed to ride on the reels, but get to fires the best other way they can. He asked to be allowed the usual privileges or else to receive an honorable discharge. Referred to fire wardens.

Building Inspector Northcott wrote that in the opinion of Mr. W. J. Taylor, of Eberts & Taylor, the municipal act contains no provision by which St. Louis college may be exempted from taxation. Also asking permission to tear down an unsafe building on Yates street adjoining the pumping station.

Superintendent Hutchison reported that he could not put in the additional light ordered for Belton avenue, as the Victoria West circuit is already fully loaded.

Tenders for wire were opened and found to be as follows, for five miles of No. 12 hard drawn copper wire, weather proof insulation: R. B. McKicking, \$225; Canadian General Electric Company, \$174 25; Cunningham & Hinton, \$175; C. Holden, \$155. Referred to fire wardens.

Only one tender had been received for printing the by-laws, and as Ald. Williams stated that there appeared to have been a mistake as to the time, it was ordered that the time be extended and the one tender be returned if desired.

AGAINST STREET PAVING.

Several petitions against the street paving propositions were read. One declaring that "Apart from the sewerage system on this street being incomplete, necessitating excavations at no distant date, we are of opinion that the heavy taxation levied on our property by this city is ample, if judiciously and economically expended, to properly pave the street," was signed as follows:

Government street—L. Goodacre, C. Bossi, W. A. Oliver, Sarah Feigenbaum, Anna Pitcock, Belmont Tanning Co., Estate G. Johnson, Trustees Green, Worlock & Co., Theophilus T. Green, Edward Musgrave, Estate J. W. Douglas, H. & H. B. Young, David Spencer, A. J. Langley, D. R. Harris, Alice de Weiderhold, Jane Dallas, M. Harris, Edith L. Higgins, J. D. Helmcken, C. A. McTavish, H. D. Helmcken, Canadian Pacific Land and Mortgage Co., C. E. Redfern, W. Hamley, R. J. Russell, M. & L. Young, R. Borthwick, Mrs. Baumgart, Arabella Smith, John Smeaton, A. De Cosmes, Thos. C. Nuttall, S. Hayward, Joseph Somner, J. A. Sayward, D. W. Higgins, J. Sehl.

Fort street—Jos. York, C. A. McTavish, Alice de Weiderhold, M. Harris, D. R. Harris, Jane Dallas, Edith L. Higgins, J. D. Helmcken, H. Dallas Helmcken, C. P. L. & M. Co., E. Baynes Reed, G. M. Leask, W. Hamley, E. H. Anderson, Estate Alex. McLean, Helen McLean.

Yates street—C. P. L. & M. Co., J. Keith Wilson, W. H. Oliver, Belmont Tanning Co., T. G. Moody, C. Bossi, R. Borthwick, L. Lewis, E. Watkins, W. McKoon, A. Gilmore, G. B. Ordano, G. Byrnes, W. H. Oliver, S. J. Potts, A. Phillips, Mrs. C. Humphreys, B. C. L. & I. Agency, Estate G. J. Hume, A. J. Langley, C. W. R. Thomson, D. R. Harris, Alice de Weiderhold, T. J. Burnes, J. Stuart Yates.

View street—Forbes Geo. Vernon L. B. & J. B. Joseph, Simon Anderson, Geo. J. Boscowitz.

Broad street—Estate G. Johnson, Estate Green, Worlock & Co., Edward Musgrave, Douglas estate, D. Spencer, C. P. L. & M. Co., Robert Heron, Simon Anderson, A. & W. Wilson.

A separate petition from the B. C. Land and Investment Agency, Ltd., the Canadian Pacific Land and Mortgage Co., Jesse Cowper, and Joseph Thiers, against paving Yates street, between Broad and Douglas, declared that "we do not consider the present a suitable time for the proposed paving of this portion of Yates street." The next petition read thus:

VICTORIA, Sept. 5, 1895.

Sir:—Adverting to a notice dated the 21st August, 1895, signed by the city assessor, notifying me as owner of Lot 1,611, Block 1, of a proposal to pave Yates and Government streets, and that the amount to be assessed against my property is \$262 50 for Yates street and a similar amount for Government street. Whilst not at all objecting to the principle of street paving and to equitably contributing towards the cost of the same, I am compelled to petition, which I now do, against the present proposed work for the following reasons: (1) The work is one for the benefit of the entire city and it is unjust to visit the whole cost upon the property holders immediately adjacent. (2) I have no information showing that the council have collected evidence or are guided by competent scientific and practical opinion, in concluding to pave with wooden blocks, the

method of paving as I understand it intended to be adopted, and I think it dangerous in the extreme to make experiments in a matter such as this. (3) I have no information of any proper estimate of the cost of the work, and there is no guarantee that the work will not cost two or three times as much as the sum now in contemplation, or on the other hand that it will necessarily cost as much. (4) The conclusion to pave with the material indicated seems to me to have been arrived at without due consideration.

Yours truly,

THEODORE DAVIE

THE MAYOR—What is your pleasure to do with this extraordinary document? I consider it an insult to the city engineer and the city council as well!

A Gilmore wrote that "Yates street can very well wait a year or two longer and perhaps money may be a little more plentiful; and in the second place, according to my experience, I have no faith in the block or wooden pavement. I have seen it tried in Fresno many years ago and it did not give good satisfaction."

J. W. Lemmens, Bishop of Vancouver Island, wrote: "I beg hereby to petition against the proposed paving of Broad street."

Charles A. Vernon wrote: "Although I am in favor of paving Government street where my lots 1 and 2 block 75 are situated, I certainly must strongly petition against wood blocks being used, which are obsolete and discarded in the principal cities of Europe and America as being cheap and nasty, and would not in my opinion be adapted for our climate."

C. W. R. Thomson wrote: "I refuse my consent to this assessment on the grounds that the proposed expenditure is unnecessary and ill-timed and the council have not made sufficient inquiry as to the best material."

Edward and the Misses Musgrave wrote that "We do not consider the present a suitable time for such proposed paving" (re Government and Broad streets).

The petitions were referred to the Assessor to report, Ald. Humphrey remarking that the View street improvement is probably carried—only that one.

Fred. J. Claxton and other property owners on Fernwood road petitioned for a six-foot cement sidewalk from Fort street to Pandora avenue, offering to pay the same proportion under the local improvement plan as paid by Mr. Dier. Referred to street committee.

A number of ratepayers of the neighborhood petitioned for a light at the corner of Beta and Alpha streets, as provided when the electric by-law was submitted. Referred to light committee.

A report from the fire wardens recommended that a site offered by Watson Clark be accepted for the fire station at Oakland in place of that formerly offered by Mr. Sabin. Referred to fire wardens together with Mr. Mewburn's offer.

The fire wardens also reported respecting the application of R. Ledingham for relaxation of the act. They endorsed the action of the Chief in removing the applicant and reported that there is at present no vacancy. Adopted.

Chief Deasy in his monthly report stated that "The superintendent of the tramway company was requested to stop all cars while the firemen are proceeding to fires, and has kindly consented to do so, thereby avoiding accidents." He also recommended that the old Tiger fire engine be advertised for sale. Adopted.

The sewerage committee recommended that the sewer on Mezzies street be continued from its present terminus at Superior street to Simcoe street, and that the estimated cost, \$1,250, be appropriated from the sewerage loan fund of 1894. Also that when funds are available, surface drains be laid through the Johnson street ravine provided the property owners agree to give the city the necessary access through their private property. Estimated cost \$4,250, to come out of the board of health funds. Adopted.

ALD. CAMERON, as a question of privilege, referred to the COLONIST editorial of September 7 respecting the award of the contract for sewer pipe, and declared that the committee had received full authority from the council when and how to transact the business, and had had a resolution passed placing \$3,000 to their credit for the purpose. He claimed that the action of the committee had been fair and right and that this would be shown by a report to be presented shortly. Ald. Macmillan spoke to the same effect.

It was decided to have the city health officer and sanitary officer take lessons in milk inspection from the directors of the travelling dairy about to visit here; and Ald. Williams' motion asking leave to introduce a milk inspection by-law was agreed to.

The building inspector was formally authorized to have a number of old buildings already reported as dangerous, pulled down as prescribed by law.

ALD. WILLIAMS called the attention of the council to the fact that the Lieutenant-Governor of Quebec, a distinguished and popular gentleman, is in the city, and suggested that he be suitably addressed by the corporation on or before Thursday next. The aldermen seemed to think there would be no practical results and the matter dropped. The council adjourned at 10:20 to meet on Wednesday evening.

MASSACRE OF GLENCOE.

Explatory March of the Campbells Passes off Without Interruption by the Macdonalds.

EDINBURGH, Sept. 9.—Lord Archibald Campbell and his Highland pipers marched through Glencoe, playing a dirge. Lord Archibald devised this project as an explanation. The project, however, was not accepted by the inhabitants of the glen in the spirit in which it was intended, and the descendants of the massacred Macdonalds gave His Lordship notice that if he or any others belonging to the clan who murdered their ancestors should attempt a demonstration on Glencoe, they would send round the fiery cross and break their heads. Lord Archibald, however, determined to carry through his programme and asked for police protection. It was feared that the proposed demonstration would revive the old feud between the clans; but the march through the glen was accomplished to-night without disorder. The Macdonalds gave no sign of approval, but they made no hostile demonstration.

One Bottle Cures.

DEAR SIRS,—My little sister Violet woke up frightened one night; and was picking her nose very much. She looked as if she would take convulsions, but mamma gave her Dr. Low's Pleasant Worm Syrup, and one bottle cured her.

the Dominion or the United States) \$2 00
For six months 1 25
For three months 75

Subscriptions in all cases are payable strictly
in advance.

ADVERTISING RATES:
REGULAR COMMERCIAL ADVERTISING as dis-
tinguished from everything of a transient char-
acter—that is to say, advertising referring to
regular mercantile and manufacturing busi-
ness, Government and Land Titles—published
at the following rates: For line, solid non-
pareil, the duration of publication to be spec-
ified at the time of ordering advertisements:
More than one fortnight and not more than one
month, 60 cents.
More than one week and not more than one
fortnight, 40 cents.
Not more than one week, 30 cents.
No advertisement under this classification
inserted for less than \$2.50, and accepted only
for every day inserted every day, 10 cents per
line each insertion. Theoretical advertisements, 10 cents per line
each insertion.
Advertisements unaccompanied by specific
instructions inserted at the discretion of the
editor. Advertisements discontinued before expira-
tion of special period will be charged as if
continued for full term.
Liberal allowance on yearly and half-yearly
contracts.

WEEKLY ADVERTISEMENTS—Ten cents a
line solid nonpareil, each insertion. No adver-
tisement inserted for less than \$2.
TRANSIENT ADVERTISING—For line solid
nonpareil: First insertion, 10 cents; each sub-
sequent consecutive insertion, 5 cents. Adver-
tisements not inserted every day, 10 cents per
line each insertion. No advertisement inserted
for less than \$1.50.
Births, Marriages and Deaths, \$1.00; funeral
notices, 50 cents extra.
Where ads are inserted they must be ALL
METAL—not mounted on wood.

QUARANTINE.

Now that the cholera is known to be
raging in China and Japan and has made its
appearance in the Hawaiian islands, the
attention of the dwellers on the Eastern
side of the continent has been directed to the
measures taken on the Pacific Coast to keep
out the dread disease. The New York
Times of the 3rd instant contains an article
on the negligence and carelessness of the
health authorities of San Francisco, and
"their very dangerous evasion of sanitary
regulations." The Times goes on to say:—

In years past the Pacific ports have been
protected, so long as ordinary sanitary regu-
lations were observed by the length of the
trans-Pacific voyage, but the time consumed
in transit has recently been shortened, and the
presence of cholera at Honolulu now makes the
distance between San Francisco and an in-
fected Pacific port less than the distance be-
tween this city and the ports of Europe.
The epidemic in the Orient is one of excep-
tional severity, owing chiefly to the recent
war. It has defied the intelligent sanitari-
ans of Japan, whose labors were at first not-
ably successful, and in China the mortality
is appalling, 40,000 deaths having been re-
ported from Peking for the month of August.
The crews of foreign war vessels—those of
the United States excepted—which have
been stationed at Chinese and Japanese
ports have become infected. While our Pa-
cific coast cities may be in no serious dan-
ger, the Belgian incident forcibly suggests
the expediency of taking in Pacific harbors
such precautions as are used in Atlantic
ports for defense against infection from the
ports of European countries.

The above applies to the port of Victoria
quite as much as it does to San Francisco or
any other United States port on the Pacific
Coast. Victoria is one of the gateways, not
only of the Dominion but of the whole conti-
nent. It is of the utmost importance there-
fore that it should be well guarded. The
Quarantine Officer of this port has a most
important duty to perform as has the Health
Officer of the city. They should see to it
that every precaution used at the Atlantic
ports for defense against infection should be
resorted to here. The health authorities
cannot be too watchful or too stringent in
carrying out the law.

CONSERVATISM.

It is not at all surprising that a great re-
action is going on in Great Britain in favor
of Conservatism. The British people have
seen that the boasted reforms of the past,
which were to have stamped out all abuses,
abolished misery and want and elevated and
refined the great mass of the people, have
been all to a great extent delusions. They
have not accomplished what they were in-
tended to accomplish, and what many hon-
estly believed they must of necessity accom-
plish. Parliamentary reform has not made
the politics of the nation pure and patriotic;
the extension of the franchise has not had
the effect of educating the voter so that his
only consideration in casting his vote is the
well-being of the country; free trade has
not made all classes of the people free from
want; popular education has not refined the
people or educated them morally or intellec-
tually far above their previous condition. It
has not caused the people to abandon the
vices to which they were addicted and it
has not diminished crime. It is seen that
politically, morally and socially the great
mass of the people have not been to any con-
siderable extent benefited by the reforms
that were to have renovated and elevated
society.

People who are intelligent and observant
when they look around them, see that the
tendencies of the time are not towards a
better state of things. On the contrary,
there are working in the minds of the
people unrest and dissatisfaction with the
existing state of things that bode ill for the
peace of society—that in fact threaten its
very existence. They see the wildest and
the most immoral theories on almost every
conceivable subject boldly advanced and
making converts by the thousand. Agita-
tion to-day strikes far deeper than it did

fifty years or so ago. Then it aimed at
what was considered political and economic
abuses; now it is social—directed against
the principles on which society is based.

Socialism in all its forms is openly advo-
cated by men of almost all ranks and all
degrees of intellectual power. It is finding
its way into national and provincial legis-
latures and it is to be seen cropping up in
municipal ordinances. It is taught by the
press, on the platform, from the pulpit, on
the stump and at the corners of the streets.
Capital is represented as the enemy of
labor, the rights of men to the property
they have accumulated denied, laws are
ridiculed and set at defiance, and the faith
of men and women in institutions hitherto
considered sacred undermined. Is it not
time for those who have the good of society
at heart to consider what ought to be done
to preserve it from disorganization? Is it
not the duty of every man in these days to
do his best to conserve what has been found
for generations to be necessary to the
well-being of society? Old party cries have
lost their meaning; old party questions have
become obsolete. Others of infinitely greater
importance have now to be considered.
Men are required in these days, whether
they know it or not, to range themselves on
the side of order or anarchy. Conservation
or destruction is the work which men who
take an interest in public affairs have to do.
Good men, therefore, should make themselves
sure that they are not unconsciously helping
those whose ultimate object is the destruc-
tion of society.

FRENCH AND ENGLISH.

There are unhappily some persons in Can-
ada of British extraction who have unfor-
tunately contracted a dislike to French-
Canadians. They speak slightly of the
men of that race and they believe that in
political matters the first care of English
speaking Canadians should be to guard
against French-Canadian encroachment.
This bitter prejudice against French-
Canadians and all things French-Canadian,
most probably has its origin in the suspi-
cion, that in many cases amounts to a con-
viction, that French-Canadians cordially
hate the English and everything connected
with England and English rule. This is
perhaps true of a small proportion of
French-Canadians, as hatred of the French
is felt and cherished by a very in-
considerable part of the English-speaking
population of Canada, but when we come
dispassionately to inquire into the feeling
with which the vast majority of the men
of the two races regard each other we find
that it is not hatred or anything like hatred.
There is a passage in the speech of Mr. H.
C. St. Pierre, a talented and patriotic French
Canadian lawyer, delivered at the unveiling
of the Chénier monument, that expresses
the feeling entertained by nearly all intelli-
gent French Canadians with respect to their
fellow subjects of the Anglo-Saxon race.
Mr. St. Pierre, addressing his compatriots,
said:

"Let us make it a rule to learn the En-
glish language; let that language be taught
in every school; it is the essential condition
of the continuation of our influence. If our
Laurier, of whom we are so legitimately
proud, has been raised to the highly hono-
rable station of leader of Her Majesty's Op-
position and leader of the great Liberal party
in Canada, it is because he has become a
master of the English language. Would you
believe Laurier to be less a good French-
Canadian because he has learned to speak
with propriety the language of the majority?
Surely not.

"For quite a number among us it would
seem as if the limits of our country were on
one side the Baie des Chaleurs and on the
other the boundary lines of the Province of
Ontario. French-Canadians, my country-
men, open your eyes; look well around
you; your country is that immense ex-
panse of territory which stretches from
one ocean to the other. It spans with-
in its compass the dimensions of a glorious
empire. This is your patrimony. Every-
where in this immense territory you are in
your own country; you are at home. I
would like to see the denizen of Toronto, of
London, of Halifax, feel that he is among
his own people when in Quebec, in Montreal
or Three Rivers, and in a like manner I
would like to see the French-Canadian from
Quebec or Montreal greeted as a citizen, as
a brother, when in Toronto, London, Hamil-
ton or Halifax."

This utterance was that of a true Cana-
dian patriot, let his origin be what it may.
Canadians are one people, and the Canadian
should find himself at home in every part of
the Dominion. The fact that the Liberals
of Canada have chosen a French-Canadian
as their leader and are proud of him shows
in the clearest manner that a very large
proportion of the English-speaking people
of Canada have completely overcome any
race prejudices that may have existed among
them; and the high esteem in which the
Conservatives of the Dominion have held
and still hold many French Canadian statesmen, and the
confidence they have reposed in them prove
clearly that another great section of Engli-
sh-speaking Canadians are not in any degree
prejudiced against their fellow subjects of
French extraction. There is, no doubt, a
number of men in both parties among whom
dislike of the French is to be found, but it
is to be observed that the politicians who
give free expression to that dislike and en-
deavor to build up a party on race prejudice
are certain to fall signally and miserably.
This is quite as true of the French haters of
"Les Anglais" as it is of English-speaking
agitators against what they call "French
domination." They have against them the
good sense, the good feeling and the true
patriotism of the vast majority of the
people, and are certain before long to be-
come discredited.

A SALUTARY CHANGE.

Time and opportunity having been given
to Eugene Debs to reflect, he has come to
the conclusion that strikes are impolitic and
inexpedient. He is represented as saying
that "the time has gone by for that method
of settling difficulties between railroad com-
panies and their employees." Those who are

described as "his dupes" have according to
the New York Commercial Advertiser found
out that the strike as a "method of settling
difficulties" is absolutely the poorest ever
adopted. Hundreds of thousands of work-
ing men would have been saved great misery
and those dependent on them inexpressible
suffering if they had been convinced of this
truth years ago. Strikes have been to working
men most expensive luxuries. The good
they have done could have been better se-
cured in other ways but the suffering they
have caused besides being very great and
very hard to bear can never be remedied.

AUTOMATIC CARRIAGES.

The horseless carriage is being discussed
in the American newspapers. There is no
doubt of its being able to run with consid-
erable speed on smooth roads for long dis-
tances, but it is still questionable whether it
can be adapted to the rough pavements of
cities and the uneven roads of the rural dis-
tricts. A delivery wagon of this kind has
been started in New York, but whether it is
to be a success or not is still uncertain.

It is completely under the control of the
driver. It stops, goes slow or fast and
backs as he directs. It does not shy and
there is no fear of its running
away. The only danger seems to be of its
shaking to pieces on rough roads. But then
the driver of the horseless wagon must regu-
late his pace, as the driver of the horse and
wagon does, to the kind of road over which
he drives. No sane driver dreams of going
over a rough road at the same pace that he
drives over a smooth one. The horseless
wagon when the motive power is gasoline
can face a pretty stiff grade with the cer-
tainty of getting to the top of it without
stopping. This, it appears, is not the case
when the motive power is electricity.

Gasoline is the best motive power yet dis-
covered for the horseless wagon. Four
quarts of petroleum are sufficient for a run
of twenty miles, and carriages are furnished
with reservoirs which contain fuel enough
for a twenty-four hours' run at fifteen miles
an hour. There can be no doubt that the
automatic wagon is a success. Its being
brought into general use seems to us to be
only a question of time.

Weakness is the symptom, impoverished
blood the cause, Hood's Sarsaparilla the cure.
It makes the weak strong.

Dr. Price's Cream Baking Powder
World's Fair Highest Award.

A Cure For Deafness.
There have been many remarkable cures of
deafness made by the use of Hagar's Yellow
Oil, the great household remedy for pain,
inflammation and soreness. Yellow Oil cures
Rheumatism, Sore Throat and Croup, and
is useful internally and externally for all pains
and injuries.

ate terms. 32 Rae street.

MISCELLANEOUS.

THE LONG—
AND SHORT—OF IT.

THESE are the days of long hours for everybody and short prices for us.
Time, which like tide and taxes, waits for nobody, is hustling us toward
that delightful period called Fall Trade. We are about ready for it. All the
stuff about which lingers any suggestion of June roses or July sunshine must
follow Bill Nye's celestial—THEY MUST GO. To stimulate September busi-
ness, for one week, we offer—dozen, being remainder of a line of Black Fast Dye
Cotton Hose, 3 pairs for 35c., 5 pairs for 50c., or \$1.15 per dozen. —dozen blouse
Waists, to clear, at 90c. each. —dozen Wrappers, very pretty styles, at \$1.15
each. —dozen Duck, Daisy Ditty and Prim Price Dresses, with 11 sleeves
and full skirts, at \$1.90 to \$2.50 each. But it is needless to enumerate; this is to
be a

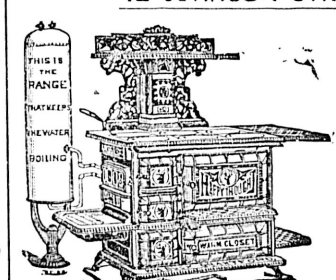

GOOD-BYE SALE TO ALL SUMMER GOODS.

and we hope to make the first week of September a fitting climax to the Great
Clearing Out Sale of the past month.

AUCTION SALES.

Sept. 10—Furniture, etc., H. Cuthbert & Co.
 Sept. 10—Furniture, etc., Joshua Davies.

Although the salerooms of Messrs. H. Cuthbert & Co. are well filled with furniture it does not by any means represent the extent of the sale of Tuesday. Most of the modern furnishings will not be in place before Monday afternoon or Tuesday morning, and it will be scarcely possible to have any idea of the full amount to be sold until the sale commences.

A most important sale of valuable furniture will take place at Messrs. H. Cuthbert & Co.'s salerooms to-day. The whole of it is either solid oak or walnut, and of a most substantial character, the bedroom suite is particularly worthy of attention. This is by far the best suite ever put into an auction room here. A very fine antique clock by Leroy, Paris, should attract considerable attention. The sale will commence sharp at 2 p.m. with the carpets and outside effects, and as the lots are very numerous, purchasers are asked to be on time. Goods are on view this morning.

THE CITY.

LOYAL Fernwood lodge of the C.O.O.F. will pay a fraternal visit to Dauntless lodge this evening.

THE ladies' committee of management wish to correct a mistake that has appeared on their revised prize list for the fall fair, and have it distinctly understood that the baby show is not under their management.

THE city police are anxious to identify the owner of a pair of real diamond earrings that were found in the possession of Chinaman whom Constable Abel arrested last evening. Though the earrings are worth fully \$20, the Celestial was endeavoring to dispose of them in a Johnson street pawnshop for \$1.

THE Inland Agricultural Association of British Columbia holds its exhibition at Ashcroft on Tuesday and Wednesday, October 1 and 2. The exhibition of the Kamloops Agricultural Association will take place at Kamloops on October 2, 3, 4 and 5. The list of prizes in both instances is numerous and liberal.

ALEXANDER BEGG, C.C., author of the History of British Columbia, has been informed by Dr. Pope, superintendent of education, that the council of public instruction have recommended his history for the use of public school teachers in this province. This is a high and well merited compliment to Mr. Begg and the work which he has written.

THE case of the Crown against J. C. Prevost, late registrar of the Supreme court of British Columbia, will be formally opened in the city police court at 2:30 this afternoon. No hint has yet been given as to the method of defence decided upon—or if a defence will be set up. Public interest in the case has in no way diminished and the hearing will doubtless be watched with interest by a large number of citizens.

THE Espersen adjustable shade lamp, a new device which affords complete protection for the eyes and at the same time increases the candle power of the light fully fifty per cent., is a novelty in electrical fittings recently introduced in Victoria and which no one should be without whose occupation keeps him at the desk at night. Mr. George Amerson, while on a visit to Puget Sound not long ago, saw the new shades in use in the offices of the Pacific Electric Co., and recognizing the extreme utility of the invention, he promptly secured the general agency for British Columbia. That the Espersen shade finds ready sale was to have been expected—it is just what bookkeepers, newspaper men and other toilers of the night have been wishing for ever since electric lights supplanted gas.

WHAT is known as an old fashioned tea meeting will be given in the Centennial church this evening, beginning at 5 o'clock, the occasion marking the anniversary of the church. Tea will be served in the schoolroom. After this a concert will be given in the auditorium, for which event great preparations have been made, and the choir under Professor Spice, assisted by Madame Laird, H. B. Harris and others, will render a programme admirably suited to the occasion. Revs. Messrs. Trotter and Maitland will, in addition, give addresses. Judging from the tickets sold and the interest manifested, the tea and concert will be largely attended, and a handsome sum—probably \$1,000 as announced on Sunday—realized for the church.

ON Sunday morning the Bishop of Columbia preached his first sermon since his return from England, a large congregation attending at Christ Church cathedral. Bishop Perrin took for his text Romans v. 4, "Experience worketh hope." Referring to the time of his first coming to Victoria, he spoke of the great anxiety he then felt, not knowing what was before him. He could now say with great thankfulness that his experience had not been that of the late Bishop of Winchester, who had said that the life of the English bishop had not been in touch with his people; that he had preached to them without knowing them. Though his diocese was a large one, Bishop Perrin did not find that a bar to taking a deep pastoral interest in each congregation, and the great kindness shown to his sister and himself during his illness had made him feel the sympathy between himself and the people of the diocese. When he went to the Old Country he had the advantage of being in contact with many leaders of the church, and was much impressed with the expanding influence of spiritual life and the growth of the church. And so he came back full of hope, knowing the difficulties he had to meet and of difficulties overcome in the past. He could see that there were new fields, such as Alberni, to open up, and he felt in full sympathy with and sure of the support and help of the laity in carrying on the work of the church. Bishop Perrin preached

Passengers for all points East in Canada and the United States should take advantage of the cheap rates and quick time made by the Canadian Pacific Railway. Passengers have the option of going via steamer from Fort William to Owen Sound or Fort William to Windsor. The express steamers Athabasca, Alberta and Manitoba comprise the finest lake fleet afloat. Meals and berths are included in the fares on the lake steamers. For steamer accommodation, tickets, etc., apply to Geo. L. Courtney, agent, corner Government and Fort streets, Victoria, B.C.

at St. John's church in the evening, referring also to his visit to England.

CONSTABLE KAVANAGH last night arrested Andrew Miller for having grievously beaten an Indian at the lower end of Chatham street.

At Calvary church last evening a pleasant social was enjoyed by a numerous audience, who, at the same time had the opportunity of contributing each a volume to the readers' circulating library.

THE Companions of the Forest held a social in Foresters' hall last evening, when the following programme was rendered, refreshments served and a very pleasant evening was spent by all: Recitation, Mr. Merrifield; duet, Bennie Caldwell and Myrtle Coates; song, Mr. T. Dooley; reading, W. Merrifield; dialogue, Mamie Saunders and Regie Rockelly.

YESTERDAY afternoon, at a meeting of ladies held in the Y.M.C.A. rooms, the organization was effected of a hive of the Ladies of the Maccabees of the of the World. For the purposes of giving the province full facilities of operation, Mrs. Sarah McKilligan received the supreme appointment of past lady commander, and Mrs. Maria Grant was chosen commander of the new lodge. The election of the remaining officers will take place this afternoon at a meeting at Temperance hall from 2:30 to 5:30.

A RECEPTION was tendered Rev. J. C. Forster, of Knox church, Spring Ridge, last evening, when the following programme was rendered: Address, Mr. Howell; duet, Misses Nicholas and B. Howell; recitation, Miss Mellor; remarks, Mr. Carter; address of welcome, Rev. P. H. McEwen; address, Rev. D. MacRae; solo, Miss A. Howell; violin solo, Mr. A. Huxtable; recitation, Miss M. Nicholas; violin solo, Mr. Barron. Rev. Mr. Forster is Rev. Mr. Murison's successor in the pastorate of St. Columba's, Knox and Cedar Hill churches.

THE members of the COLONIST local room yesterday received a supply of most excellent wine with the compliments of Hon. J. S. Helmcken, in which all members of the staff later in the evening pledged the health and happiness of the genial doctor's popular son, Mr. H. D. Helmcken, and his bride—not forgetting all good wishes for the kindly doctor himself. Mr. and Mrs. H. D. Helmcken have since their return home been overwhelmed with the hearty congratulations of their friends—and the number of the latter is legion.

THE CHAPTER OF ACCIDENTS

Which Have Heralded the Opening of the Hunting Season.

Yesterday morning the inquest was held on the body of Thomas Williams, the unfortunate man accidentally shot dead by Wm. A. Rountree at Prospect lake on Friday last. Practically the evidence as to the shooting was the same as that already published. The chief witnesses were Rountree, Mr. Frank Campbell, Dr. Lang and Provincial Constable McKenna. The post mortem showed that the bullet had taken a most extraordinary course. Penetrating the left shoulder at the neck, it broke the shoulder bone and passed down; then deflecting to the right it went through both lungs, broke a rib on the right side, and working upwards till it came to the shoulder, took another twist and lodged in the right arm towards the elbow. The jury brought in a verdict of accidental death, and Rountree, who had been under arrest pending the result of the inquest, was set at liberty again. Williams' funeral takes place to-day at 2 o'clock from Hayward's undertaking rooms and half an hour later from St. John's church.

On Saturday night another shooting accident occurred, as a result of which Mr. C. E. Dickinson, of the office staff of R. P. Rithet & Co., Ltd., is now lying at the Jubilee hospital with a badly wounded arm. He was out at Sooke lake with a companion named Gawley, their intention being to shoot deer. In some way Gawley's gun went off and five buck shot lodged in Mr. Dickinson's right arm. The victim was brought in to the city and taken to the Jubilee hospital, where he is now fairly on his way to recovery, some of the shot having been extracted satisfactorily. The young man Fayette, who was brought down from Claycoot wounded by the accidental discharge of his gun, is lying in a very serious condition at St. Joseph's, his arm having been amputated from the shoulder.

LAWN TENNIS.

PROGRESS OF THE JUNIOR TOURNAMENT. The matches in the junior tournament were continued at the courts of the Victoria Lawn Tennis Club yesterday with the following results: R. Dunsmuir (scratches) beat H. Hayward (scratches), 2-6, 6-2, 7-5; H. A. Goward (scratches) beat T. E. Pooley (rec. 15), 6-3, 6-5; E. Wigram (rec. 15) beat J. Shuter (rec. 15), 6-0, 0-6, 3-6; W. R. Napier (rec. 15) beat W. R. Wilson (scratches), 6-3, 3-6, 6-2; G. D. Ward (rec. 15) beat G. H. Chantre (rec. 15), 6-3, 6-5; and G. T. Johnston (owes 15) beat R. Harvey (owes 15), 6 love, 4-6, 6-1. For to-day the fixtures are:

3:30—R. Dunsmuir (scratches) vs. E. Wigram (rec. 15); C. E. Wark (rec. 15) vs. H. A. Goward (scratches).
 4:15—W. R. Napier (rec. 15) vs. G. A. Johnston (owes 15); T. G. Wilson (scratches) vs. D. M. G. Maitland (rec. 15). If time permits the winner of the Wilson-Maitland match will play A. Pringle (rec. 15).

SPORTS AND PASTIMES.

Ladies' Auxiliary Wheelmen Association—Cricket at Esquimalt—Interesting Correspondence.

At a fairly representative meeting of lady cyclists yesterday the organization of a ladies' auxiliary association in connection with the Victoria Wheelmen's Club was decided upon, the objects of the auxiliary being practically the same as those of the club—to generally promote wheeling interests. The social side of cycling will have the special attention of the ladies, however, and road runs may now be counted upon to take the important place that they should in the scope of the club's operations. The election of officers of the auxiliary has been deferred until next Monday evening, to which date yesterday's meeting was adjourned, and in the meantime Miss Duffey acts as president and Miss Tito as secretary pro tem. The ladies of the auxiliary, and all others who are interested in cycling and may become members of the organization, will meet with the V. W. C. at 8 o'clock this evening in the club rooms on Broughton street. The club list of business is a long and important one, the immediate perfection of arrangements for Saturday's championship meeting being imperative and a full attendance of members being therefore necessary. Afterwards a joint meeting will be held in connection with a social entertainment to the guests of the club on Saturday evening next.

A NEW STAR ARISEN.

A Denver press dispatch says that arrangement are being made to have O. B. Hackenberg, winner of the Labor Day twenty-five mile road race, who made a new world's record of 1 hour, 4 minutes and 47 seconds, attempt to beat the world's record of twenty-six miles and 1,187 yards in one hour on a track paced, which was made by Fred. J. Titus. Hackenberg's performance places him at one bound in the foremost rank of long distance riders. He rode a twenty-six pound wheel of low gear, and as he led the procession after the first seven miles he had no pacemakers. He is a country boy twenty-one years old, never owned a wheel and had been training only three weeks, using a rented wheel.

CRICKET.

FLAGSHIP V. VICTORIA C. C.

The match on Saturday at the Canteen ground between H.M.S. Royal Arthur and the V.C.C., was the most sensational one of the season, the Victoria team losing by four runs on the first innings. Both clubs put very strong elevens in the field and the batting all round was of a high order. Hornby carried his bat for a beautifully played 53 in the first innings of the Navy, and Petch, Wigram, Ommamney and Stanley helped very materially the big total of 203. But to the captain of the Royal Arthur team is due most of the credit of their smart victory, and in the bowling department too, he and Barraclough were the mainstay of the victors. For the V. C. C. the Goward brothers made a great stand, and Holt as usual played perfect cricket for his 33. Wallis and Barff did some lively hitting and in the second innings Holt, Barff, Ward and Fox made 63 runs in just 20 minutes, when Mr. Pooley declared the innings closed, as the only chance of winning left to the civilians was to dispose of their opponents in the 45 minutes left for play. The light was very poor when the Royal Arthur eleven went to the bat for their second attempt, but no one expected them to fail as they did, seven of their wickets falling for 20 runs. A quarter of an hour's play and Victoria would have won. The fielding was very good, Foulkes, Fox and Ward making what seemed impossible catches, whilst the last gentleman further distinguished himself by throwing out Barraclough and Ommamney. A Goward and Morley both bowled well, keeping a good length.

V. C. C. VS. NAVY.

TO THE SPORTING EDITOR:—I think it is the duty of a member of the Victoria Cricket Club to apologize to our opponents of Saturday last for the incorrect statement which appeared in your paper on Sunday morning. The team which represented the V.C.C. was not a weak team; on the contrary it was a very strong combination indeed, though by no means the strongest, as we were sadly in need of our wicket-keeper, who was unavoidably absent and would not have let 27

Like a New Man

"For five or six years I had Dyspepsia in its worst form, sometimes completely prostrated; so much that it was impossible for me to work more than half an hour at a time. I had tried various remedies but did not receive any benefit, when I was recommended by a druggist to try Hood's Sarsaparilla. I have taken two bottles and feel like a new man. I can eat and drink anything and enjoy my food. I never felt better. I cannot praise Hood's Sarsaparilla too much for not only has it cured me of dyspepsia but also of rheumatism." JAMES FERGUSON, St. John, New Brunswick.

Hood's Sarsaparilla Cures Head's Pills win new friends daily.

 P.O. Box 533.

extras go past him, and would thus no doubt have saved the match, as we were only beaten by four runs. The bad fielding of the V.C.C. team was not the chief feature of the match; the fielding was good, only three catches being missed, and those difficult ones. There is no doubt about it that our old opponents, the Navy, after twelve shots or more at licking us, have at last beaten us, fair and square, by four runs, and that the last match we are to have with them, we are sorry to say; these matches always being the most enjoyable of the season.

MEMBER OF V. C. C.

TO THE SPORTING EDITOR:—I wish to correct an error in your report of the Navy v. Victoria cricket match played on Saturday last. What was reported as a weak team of the Victoria cricket club was in reality a strong team. In making this correction, I am expressing what I believe to be the indignation of all members of the club at this inaccuracy, and it is but justice to the naval team whose good batting secured to them a well merited victory.

THE "BEATRICE" SEIZED.

Latest Exploit of the Celebrated U. S. Revenue Cutter "Rush."

Another Sealer Reported to Have Been Captured—An Addition to the Fleet.

For an alleged violation of the Behring Sea award act of 1894, the Vancouver sealing schooner Beatrice, Capt. Louis Olsen, is now in port under seizure. She reached here Sunday evening and according to her crew was seized on August 20 to the southward of the Islands and a good 29 miles outside of the prohibited zone. But it was not for being in proscribed waters that the unlucky craft was placed under seizure. Article 5 of the regulations reads:

"The masters of the vessels engaged in fur seal fishing shall enter accurately in their official logbooks the date and place of each fur-seal fishing operation, and also the number and sex of the seals captured upon each day. These entries shall be communicated by each of the two governments to the other at the end of each fishing season."

Collector A. R. Milne saw the importance of this article early in the year and apprehensive that sufficient attention would not be paid to it, drew every sealing captain's attention to it, going so far even as to put a cross opposite it in every license issued. The Beatrice cleared from her home port, Vancouver, but probably got similar warning when she left the Terminal City. Captain C. L. Hooper, commander of the U. S. Behring sea fleet, was the officer who caused the Beatrice to come to Victoria. After seizing the vessel the revenue cutter Rush took her in tow and started for Unalakleet. There she met H. M. S. Phoenix and the schooner was handed over to the British cruiser. Lieut. Commander Garforth, not wishing to assume any responsibility in the matter, immediately ordered the schooner to Victoria, it being the following day after the seizure that he had this duty to perform. The order was to proceed direct to Victoria and report to the collector of customs. The report of the seizure and also the official log book were forwarded under seal to the commander-in-chief of the North Pacific naval station. It was late in the day when Mr. Milne was formally informed of the seizure, and he thereupon immediately placed an officer in charge of the vessel and also wired the Ottawa officials in regard to the matter. One of the crew of the Beatrice brings word of still another seizure, that of Captain Grant's schooner Alouka, which is now supposed to be on her way here for hunting inside one of the protected zones. This report the Beatrice man said came from the San Francisco schooner Effinger. Up to the time the Beatrice left the sea the catches reported were as follows: Maud S., 800; Dora Steward, 800; Agnes Macdonald, 700; Maecot, 140; Carlotta G. Cox, 9; Triumph, 700; Sapphire, 600; and Minnie, 120. The Mary Ellen and Enterprise were also spoken, and the former is reported having hard luck. Her Indian crew had taken sick after leaving home and three of them died at sea. The sealing weather so far in the sea has been fairly good, and had it not been for her seizure the Beatrice would no doubt have had by this time a pretty good catch. As it is she has 204 skins. The Beatrice belongs to Charles Loring, of Vancouver, but her local agents are Robt. Ward & Co., Ltd.

A NEW ARRIVAL.

Having left Halifax, N.S., seven months ago, the schooner Carrie C. W., which has been reported as on her way here to join the Victoria sealing fleet—sailed into Royal Roads yesterday morning and to-day will probably make her appearance in port. Her long trip is accounted for by delays through accidents, the most serious of which was the losing of a seaman named Morgan Messervy. He was washed overboard shortly before the schooner reached Barbadoes, where she called to repair damage received early in her voyage. Capt. Fulton, master of the schooner, brought the vessel out on his own account. He had intended going to Behring sea this year, but owing to his late arrival that is impossible. His appearance in port was quite unexpected by local sealers, who were under the impression that he had gone direct to the Asiatic coast. The Carrie C. W. is a fine schooner of 92 tons register; was built at Mahone bay, and is six years old. She is the second of a trio of sealers which started this spring from Eastern Canada to enter the sealing business on this coast.

THE "HYACINTH" OFF FOR HOME.

H. M. S. Hyacinth, Capt. May, left Esquimalt yesterday at noon on her return home. Age was beginning to tell against her as a seaworthy vessel and consequently she was becoming unfit for long sea voyages. Since her assignment to the Pacific station some years ago she has done considerable work in Southern waters, her economical running expenses being greatly in her favor. Capt. May, and in fact nearly every officer on board, was very popular and it is the general opinion that he will be appointed to take command of a larger cruiser when he returns to England.

HERE FOR AN OVERHAULING.

The American bark Enoch Talbot, 1,194 tons, arrived in Esquimalt yesterday morning to go on the marine railway for an overhauling before proceeding to Vancouver, her port of destination. She came across from Port Angeles in tow of the tug Rainier, having arrived there from San Francisco on Sunday. Owing to the ways being occupied by the steam collier Wellington, it is thought her overhauling will have to be deferred and that she will proceed at once to Vancouver for her lumber cargo.

MARINE NOTES.

The work of loading the steamship Straits of Dover with lumber has been completed at the Tacoma mill, and as soon as the vessel fills her bunkers she will start on her long voyage to South Africa. The lumber is piled up high on her decks and her cargo is exceptionally large.

The U. S. lighthouse tender Columbine, Captain Richardson, always a welcome visitor, came to anchor in the inner harbor on Sunday afternoon, and left this morning for Seattle. She has been visiting the lighthouses in the Straits and Sound, with Inspector Farenholt aboard.

The George E. Starr is making two trips for the Rosalie while the latter is receiving fresh paint and slight repairs to her machinery at Seattle. It is the expectation that the popular City of Kingston will resume her run on Thursday or Friday, after a two weeks' rest and general renovation.

Tug Wanderer came over from Port Angeles yesterday morning for the bark Omega, which was lying in Esquimalt. The bark loads lumber at Port Blaney for Shanghai, her home port.

Steamer Mischof, Capt. H. R. Foot, sails for Quatino Sound and way ports this evening, and the Barbara Boscowitz for Port Simpson, via Vancouver, to-morrow.

The steamer Barbara Boscowitz, just ar-

rived from the North, reports the Hudson's Bay Company's river steamer Caledonia has been hauled up high and dry for the winter at Skeena river.

The steamer City of Puebla, from San Francisco, did not arrive here until about 6 o'clock last evening, being several hours late. She brought 109 8 10 tons of freight and 110 cabin and 11 steerage passengers for Victoria.

The steamer Princess Louise sailed for the Skeena river direct last evening, taking some little freight and a few passengers. She is making a special trip to bring down salmon.

The R. M. S. Empress of China sails outward next Monday with large freight and passenger lists.

The steamer Maude leaves for Abousett and other West Coast points this evening. H. M. S. Icarus is spoken of as likely to relieve H. M. S. Nymph on this station.

Highest of all in Leavening Power.—Latest U.S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

PERSONAL.

D. Gregory Smith, of Cowichan, is a guest at the Oriental.

J. MoB. Smith returned on Sunday evening from an official visit to New Westminster.

Mrs. M. de Lapateckhi leaves for San Francisco by the direct steamer this evening.

D. Carmody and family will be passengers from California by the steamer sailing this evening.

A. H. B. Macgowan, of Vancouver, is a guest at the Driad. He arrived over from the Mainland on Sunday.

Hon. D. W. Higgins was a passenger home from the Sound by the steamer George E. Starr yesterday morning.

E. V. Bodwell was a passenger by the Sound steamer on Sunday en route to Spokane, whence he will continue his trip into the British Columbia Kootenays.

Wellington Boulter, of W. Boulter & Sons, packers of the Lion brand of canned goods—who sent the first consignment of tinned meats ever placed on sale in British Columbia—and president of the Canadian Packers' Association, is spending a few days in Victoria, a guest at the Oriental. His firm has been in business since 1882 and has a reputation second to none. The product of their factories at Platon, Toronto and Demorestville is known all over America for excellence of quality.

White and fancy vests in silk and cashmere, duck and pique, to be cleared at cost for cash. S. Reid, 122 Government St.

Arrived new wall papers, Mellor's.

New English dinner sets at Weller Bros.; these are very handsome and the newest style of decoration.

DIED.

WILLIAMS—In Lake District, accidentally, on the 5th inst., Thomas Williams, a native of England, aged 68 years.

The funeral will take place TO-DAY, Tuesday, at 2 o'clock, from Hayward's undertaking parlors, and at St. John's church at 2:30 p.m.

MARTIN—At the residence of his mother, Mrs. James Barnes, 141 Simcoe street, on the 9th inst., George Edward Martin, aged 32 years.

Notice of funeral hereafter.

JUBILEE HOSPITAL.

Rules for Organizing the Medical Board of the Hospital Adopted.

Special Committee Reports on the Training of Nurses in Maternity Work.

At the Jubilee hospital board meeting last night, Mr. Joshua Davies in the chair, the medical officer's report for the month showed that the cost per patient for last month was about \$1.30 per day, this increased cost being due to the small number of patients treated during that time.

The medical staff reported that they could not give an intelligent opinion as to the site for the proposed new operating room till informed as to the size of building it was proposed to erect. The letter was laid on the table.

The number of patients in the hospital on August 1 was 40; admitted during August, 36; total treated, 76; discharged, 37; deceased, 2; in hospital September, 37; total, 76.

It was decided to award a diploma to Miss Ethel M. Ferris, who the matron reported would have completed her two years' course as nurse on September 20 and had passed a satisfactory examination.

The special committee reported a set of rules for organizing the medical board.

Objection was taken by Mr. Hayward to a recommendation that no alterations be made in the hospital buildings without submitting the change proposed to the medical board.

After some discussion it was resolved that when the directors chose to submit such questions to the medical board the medical board should report upon them.

This change was considered satisfactory and the report was adopted.

Messrs. Helmcken, Yates and Byrnes were appointed a committee to revise the by-laws.

The report of the committee on a scheme for the extension of the education of the nurses in maternity cases was held over for a special meeting on Friday.

From the Toronto Evening News of September 3, is clipped the following telegram bearing date of Lindsay, Ont., August 30. Mr. O'Sullivan will be well remembered here as the founder and proprietor during its brief existence of the National Business College, this city: "Two days ago Mr. E. J. O'Sullivan, proprietor of the National Business College, was arrested at Sherbrooke, Que., where he is conducting a college, charged by W. E. Bolvin, of Woodville, Ont., with defrauding him out of \$125. O'Sullivan was brought to Lindsay Thursday morning and his trial commenced Friday before Police Magistrate McIntyre. From the evidence given it appears that Bolvin paid O'Sullivan \$125 for a half interest in the Lindsay branch on representations made by him that he had promises of 188 pupils. About fifteen pupils was all that ever panned out and the college closed down in due time and was removed to Barrie, where Bolvin was given half interest. The case was postponed until Tuesday next."

VISITING VICTORIA.

Lieut.-Governor Chapleau, of Quebec, and Party Are in the City.

Delighted With the Growth and Progress of the Pacific Province.

Hon. Joseph Adolphe Chapleau, Lieutenant-Governor of Quebec, Madame Chapleau, Hon. Joseph Royal, formerly Lieutenant-governor of the Northwest, and M. Kleczkowski, consul-general for France in Canada, arrived in Victoria on Sunday night and will remain at the Driad till Friday morning. The party have travelled from Montreal, their object being to visit the Northwest and British Columbia.

Lieutenant-Governor Chapleau yesterday expressed himself as highly delighted and surprised with the wonderful progress made by the West since his last visit in 1884, when he came as commissioner to investigate and report on Chinese immigration. Coming through the Northwest he had an opportunity of seeing the harvesting of the great wheat crop and noted with pleasure the substantial growth of Winnipeg, Calgary, and other places. At Winnipeg the party were guests of Lieut. Governor Schultz, and at Regina Lieut. Governor Mackintosh was their host.

Yesterday morning Lieutenant Governor Dawdney called upon the party and the visit was returned in the afternoon. An opportunity was taken to inspect, among other places of interest, the new parliament buildings, which Hon. Mr. Chapleau considers are, architecturally, models of what provincial buildings should be.

For the Pacific Province Mr. Chapleau expressed particular admiration, and opportunity was taken of visiting Westminster and Vancouver before coming on to Victoria—"the pearl of the province," as he gracefully termed it. The trip is entirely one of pleasure, Mr. Chapleau said. He wanted to see how this part of Canada was progressing.

To-day the party will call upon the Admiral and dine at Government House in the evening.

M. Kleczkowski has held many important positions in the French diplomatic ranks, and while consul in Egypt was present at the bombardment of Alexandria by the British fleet in 1882, and was afterwards one of the delegates to the Indemnity convention. He is particularly impressed with the wonderful size of the timber in this province and believes that a successful trade might be done with France in large lumber.

Hon. Mr. Royal, besides being a politician and lawyer, is one of the most prominent of French Canadian journalists and writers. He is at present editor of *La Minerve*, of Montreal.

On Friday the visitors leave for Seattle, where the C. P. R. private car *Earncliffe* meets them. Thence they return home by way of Mission City.

A new kind of royal slumming was started during the past week. It consisted of visits to the hop fields, where the roughest characters of London are in the habit of spending September as hop-pickers.

THERE was a large attendance at the general meeting of the Women's Council yesterday afternoon, Mrs. Baker presiding. The special order on Impure Literature was animatedly discussed and received much attention. Several of the resolutions adopted by the National Council were read, and among them one expressing sympathy with the women of Armenia in the late outrages, a copy of which had been forwarded by Lady Aberdeen to His Grace the Duke of Argyll. The resolution unanimously passed. "That the National Council of Women of Canada, representing all sections, parties and religious creeds in the Dominion, having heard with profound sorrow and horror of the recent sufferings of their sisters in Armenia, desire to convey to them the expression of their deepest sorrow and of their earnest desire to help and encourage them in any way in their power. They earnestly pray that the afflictions which have been so heroically endured may be speedily brought to an end and thus through the over-ruling providence of the Almighty Father a happier state of affairs may be established."

Mrs. May Johnson.

Ayer's Pills

"I would like to add my testimony to that of others who have used Ayer's Pills, and to say that I have taken them for many years, and always derived the best results from their use."

For Stomach

and liver troubles, and for the cure of headache caused by these derangements, Ayer's Pills cannot be equalled. When my friends ask me what is the best remedy for disorders of the stomach,

Liver, or Bowels,

my invariable answer is, Ayer's Pills. Taken in season they will break up a cold, prevent a gripe, check fever, and regulate the digestive organs. They are easy to take, and

Are the best

all-round family medicine I have ever known.—Mrs. MAY JOHNSON, 368 Rider Ave., New York City.
